KONA

Description

Customizable acoustic accent chairs, offering design flexibility and comfort. Sophisticated, environmentally conscious, and sustainable.

This product presents clever solutions to complete your spaces. You can create the ideal Mikodam Accent Chair for your taste by selecting the body material from wood, fabric or acrylic options and seat, backrest and headrest material from different fabric alternatives. KONA offers different leg materials as well as swivel base options. The fabric used in Mikodam products is Camira Blazer, an environmentally conscious, high quality wool blend. Wool is a material that will keep you warm during cold seasons and cool during the warm seasons. KONA has acoustic properties. The winged shape surrounds the user with the voices in front and leaves out the ones behind. Through the collection and reflection of sounds, KONA offers better conversations, a private space of your own and acoustically enhanced interiors.

Use

Residential, Commercial, Retail, Display Design, Cultural and Entertainment Spaces, Private/Public Spaces, Bars, Restaurants, Theaters, Hotels
Indoor use. Private and public spaces.

Characteristics

Acoustic, customizable, modern form, ergonomic, vibrant color options, swivel option

Dimensions

KONA OA Width: 40" - 102cm | Height: 53" - 135cm | Depth: 33" - 84cm

YUKO

Description

Customizable acoustic accent chairs, offering design flexibility and comfort. Sophisticated, environmentally conscious, and sustainable.

This product presents clever solutions to complete your spaces. You can create the ideal Mikodam Accent Chair for your taste by selecting from seven different fabric alternatives for seat, backrest and headrest. YUKO offers different leg materials as well as swivel base options. The fabric used in Mikodam products is Camira Blazer, an environmentally conscious, high quality wool blend. Wool is a material that will keep you warm during cold seasons and cool during the warm seasons. YUKO has acoustic properties. The egg shape surrounds the user with the voices the armchair faces and leaves out the ones behind it. Through the collection and reflection of sounds, YUKO offers better conversations, a private space of your own and acoustically enhanced interiors.

Use

Residential, Commercial, Retail, Display Design, Cultural and Entertainment Spaces, Private/Public Spaces, Bars, Restaurants, Theaters, Hotels
Indoor use. Private and public spaces.

Characteristics

Acoustic, customizable, modern form, ergonomic, vibrant color options, swivel option
